WELCOME

O I'm Becca, owner of Becca Jean Photography! I live in Portland, Oregon with my super handy husband and our two teens (which sounds crazy to say, weren't they just babies??). I grew up on a ranch in a small California town with my parents and 5 siblings. My love of photography started in high school when I would go with my sister to an abandoned house up the road and do fun photoshoots with our friends. I remember taking this one photo of them when they were all laughing at each other in a genuine moment, and I was so in love with it. I didn't realize then why I loved it so much. But looking back now, I know it's because of that connection, that real moment, which is what I'm trying to capture with every session that I do.

Claudia and I met on a playground when our kids were tiny, and bonded over our love of photography. Our craft grew together and we have a similar approach, which is why she is the perfect associate photographer! You can choose to work with me or with Claudia, but either way you'll be getting images full of fun, movement, and emotion.

THE WAY WE DO THINGS

We're all about capturing the real you – steering clear of stiff poses because, let's face it, that's something anyone can do. Our approach is all about unraveling your authentic story, carving out a space where you can genuinely be yourselves. Admittedly, the first 10 minutes might feel a tad awkward, but soon enough, you'll find yourselves focusing on your family and fully embracing the moment.

Together, we'll weave your vision and love into the very fabric of the photos and/or video. Our goal is to capture genuine moments, steering clear of forced smiles or cheesy poses. We'll be there to offer just the right amount of guidance to ensure

everything feels true to your family. These photos aren't just snapshots; they're meant to tell your story, creating a delightful memory for all of you in the process.

While any photographer can snap pictures of you, our mission transcends the ordinary. We aspire to capture something profound and meaningful. We want every facet of this experience to resonate with your uniqueness—your family's narrative, your story, even the messy and imperfect parts—all deserve to be beautifully and authentically documented.

Our photoshoot with **Becca** is up there with one of the best family experiences we've had! My kids still talk about our mountain adventure!

Before we booked, I was nervous would my children (6yrs , 4 yrs and 10 months) behave until sun set, there was no need to worry.

From the moment we arrived, Becca skillfully engaged with my children, creating a relaxed and enjoyable atmosphere. Her ability to connect with them was remarkable, bringing out their genuine smiles and special connection they have to each other.

The whole experience from start to finish was just perfect. I didn't have to stress about what to wear, Becca's blogs gave us valuable tips to prepare before hand which lead to all the family enjoying the fun & relaxed atmosphere cultivated by Becca. The whole adventure was just wonderful and we cant thank Becca enough!!

LAURA C.

We had the honor of having **Claudia** snap the most precious moments in our lives—the announcement of our first baby, maternity and newborn photos. Throughout each of these sessions, she seamlessly directed us into poses that turned out natural and captured the essence of each event. Not to mention she chose one of the most amazing breathtaking views in the Pacific Northwest as one of our backdrops.

FAQ

WHAT IS AN ADVENTURE SESSION?

What's even better than having a fun family photo experience? Making it an adventure! Adventure sessions capture the gorgeous backdrop of the PNW (or wherever we go) while giving your family something to do together (explore and play!) so you aren't just standing there and smiling (because that would be boring).

Would your kids be more excited about a photo session at a local park with mown grass... or at a really cool location that they've never been to before with lots of scenic areas to discover, rocks to collect, and logs to climb on? I'm going to take a guess and say the answer is the second one.

Adventure sessions don't mean that we have to hike all over, most of the locations we use are within a 5-10 minute walk from parking.

WHAT IF MY KIDS DON'T COOPERATE?

We don't expect kids to "be good" during their session. In fact, if they get to be a little naughty, that will probably get us some genuine smiles and laughter. What you can do is allow your child to be themselves. The kids are in charge! Try not to tell them no or scold them for anything during our time together and your photos will turn out happy and carefree! The real moments, uncontrollable giggles, and wind in your hair is the actual goal here, not forced or fake smiles. You get to be the cool parents today, go with it!

WHAT KIND OF EQUIPMENT DO YOU SHOOT WITH?

Both Becca and Claudia shoot with 2 cameras, that way we have a backup if one of them were to stop working suddenly. We use Canon mirrorless cameras, have multiple lenses and choose which ones to bring based on the location.

DOES IT COST TO HAVE YOU TRAVEL?

Some of our packages include travel up to a certain point, but if you'd like to go somewhere outside of those parameters, let us know and we'll send you a custom quote. Always happy to travel!

WHAT DO WE DO IF IT'S RAINING THE DAY OF OUR SESSION?

We live in the PNW, there's lots of rain here! We always encourage going dancing in the rain and splashing in puddles, how much fun would that be?! That's a memory you will always remember.

But if we see that it's going to rain a lot and you'd like to avoid that, we can either start earlier, move inside, or choose a new date depending on the forecast.

WHAT IS YOUR RESCHEDULING/CANCELATION POLICY?

Local & Coast sessions: All sessions require a 30% non-refundable retainer, which goes towards the total session cost. If cancelled, the retainer will be forfeited. If you request to reschedule with at least 14 days notice, the retainer can be applied toward a future session within six months. Only one reschedule will be permitted. If the session is less than 14 days away, a new retainer will need to be made to secure a new date.

Travel sessions: Your 50% retainer is non-refundable and any changes to the date will result in a new retainer needing to be made to secure a new date.

DO YOU OFFER DISCOUNTS OR MINI SESSIONS?

No we do not. Prices are firm, and mini sessions are not our cup of tea. With a mini session, you have just enough time to stand there and smile, and that's just not what we do. We love taking our time with the people we photograph which is how we keep everyone feeling relaxed and comfortable. This is the secret to how we get the images that you see in our portfolios. By taking the time to slow down and have fun, your images will be so much more true to you and tell a story of how you lived and loved.

DO YOU HELP US PLAN CLOTHING AND LOCATION?

Absolutely!

We're here to help you find the best outfits. You'll have access to an online styling tool to help you find items online for purchase, or if you have a different style in mind, we can help with that, as well! We suggest not purchasing anything until after getting input so we can be sure the colors and style will work with the location/editing.

You'll also get a location guide where you can choose from a list of adventurous spots. They have all been carefully scouted and selected based on available light and interactive elements to give you room to explore and make it much more exciting than just the park down the street!
